

DynaMed Mobile App – instructions

Registering a personal account

1. Go to <https://dynamed.com> from an Alfred Care Group computer connected to the institutional network.
2. Click on Create Account button, and create your account.

Installing the mobile app

3. Download the **Dynamed** app from the Google or Apple app store.
4. Login using DynaMed account [not organization] with your personal account details.
5. Choose which sort of installation you want. Full install uses most storage, but can work fully without internet.
